

# Activity checklist

If you are visiting DEC managed parks, you'll need to contact the park manager or agency that manages the locations you'll be visiting. Tell them your plans to hold your outing at their location. In case of an emergency, it will help significantly if they are aware in advance that you are in the park and this also enables them to ensure the facilities will be ready for you.

Some local councils require you to obtain permission if using their facilities as part of a large group. Contact your local council or ranger for further information.

- Travel time to location
- Convenient meeting location
- Public transport options?
- Adequate parking for a large group?
- Family-friendly facilities
- Other activity (in case of inclement weather)
- Seasonal features (i.e. best time of year to visit? Observe seasonal changes?)
- Educational opportunities
- Entry fees?
- Water feature: Lake, stream, pond or puddles
- Need permission for large groups? (i.e. in parks etc)
- Food, water, rest facilities?
- Weather: Appropriate clothing
- Appropriate footwear
- Safety issues for small children?
- Have you checked the weather forecast?
