

How to print an aerial photo of your school grounds

1. Visit google maps at www.google.com/maps/
2. Type in your school address
3. View the map as 'earth' view – bottom left corner of the screen
4. Position the map by zooming and moving in and out to get the best view of your school grounds
5. When you print a map, it'll include the same information that you see on the screen. To print a map:
 - a. In the top left, click the main menu .
 - b. Click **Print** . You can also hit CTRL+P (for PC) or +P (for Mac) on your keyboard to print.
 - c. Your browser's print box will appear. Follow the instructions to print your map.
