

Recreational Spaces Snapshot Survey (6-12 October 2025)

Your observations will help shape future planning and create spaces our kids love to use.

* Required

What to do:

Step 1: Pick a spot - Choose any local park or open space in your area. All you need is:

- 5 minutes
- A phone or tablet
- A good view of the space

Step 2: Observe - During your visit, observe and estimate:

- Age groups - young kids, teens, adults, older adults
- Gender - as perceived
- Activities - walking, biking, skateboarding, sitting, etc.
- Patterns - who's using the space most? Who's missing?

Step 3: Record your observations - Fill out this form. You can do this during your visit or right after - whatever works best for you.

Before you begin

Just a reminder that there is no need to approach, photograph, or film anyone. Simply watch for a few minutes and note your observations. You can visit as many spaces as you like within the dates and complete a survey for each.
